TECHNICAL PRODUCT BROCHURE

## PIGMENT PASTE FOR GULAL

ROSELENE PIGMENT EMULSION

A practical technical reference for shade selection,  
fastness performance, formulations and application.

# ROSELENE PIGMENT EMULSION

## PRODUCT OVERVIEW

Pigment Paste for Gulal | Product, application and process reference

### A practical colour platform for aqueous systems

Roselene Pigment Emulsion for aqueous pigment printing systems, supporting practical shade development and consistent processing.

#### PRODUCT PLATFORM

Roselene Pigment Emulsion for aqueous pigment printing systems, supporting practical shade development and consistent processing.

#### TECHNICAL APPROACH

A single technical reference covering standard shades, fastness properties, stock-paste recipes and application methods.

#### APPLICATION

Pigment printing systems using synthetic aqueous, kerosene-system and padding approaches.

#### PROCESS REFERENCE

Print → Dry → Cure. Supplied standard curing condition: 150°C for 4–5 minutes.

#### AT A GLANCE
